ABOUT

FINSA

Founded in 1931, FINSA is one of the largest manufacturers of high density MDF and chipboards in Europe. There is a very small number of furniture manufacturers with sustainable forests that possess the skills in controlling tree planting, processing, production etc., until delivering the finished products to clients directly. Today, FINSA exceeds a selling figure of 830 million Euros a year, transporting more than 7,500 40-foot container ships to more than 80 countries and regions. FINSA has become the world's top 10 door panel manufacturers.
